Understanding

ADDITIONAL SKILLS

Collaboration

Communication

Problem-Solving

Adaptability

Passion for

Technology

ABOUT ME

As a proactive 3rd year student pursuing a Bachelor's degree in Computing, I am highly interested in the changing landscape of the IT business. I am eager to immerse myself in the latest technologies and trends, inspired by a never-ending curiosity and true excitement for learning. In addition to my strong desire to communicate with others, I am committed to using both technical and interpersonal skills to make a meaningful contribution in collaborative settings.

EXPERIENCE

Programming & Web Technologies   *2022 - 2024*

- Proficient in C#, Java, Python, HTML/CSS for 3 years.
- Developed desktop apps in C#, scalable solutions in Java.
- Used Python for data analysis, web scraping.
- Created web interfaces with HTML/CSS.

Additional Work

- Engaged in personal projects for skill improvement.
- Collaborated on team coding challenges.
- Active participant in coding communities.

Core Coursework

- Data Structures and Algorithms
- Database Management Systems
- Software Engineering Fundamentals
- Web Development Technologies
- Machine Learning Principles
